

5 Key Elements of a Prompt

As you craft your AI Chat prompts, keep in mind the 5 key elements that could be added to refine a prompt:

- **Task**
- **Context**
- **Format**
- **Reference**
- **Tone**

Let's learn how to improve this prompt:

> **"Write a short story about two friends."** _

Task

Make sure to give AI **specific and actionable instructions**.

Adding a Task:

> **"Write a short story about two friends. Make sure to include the elements of narrative structure, specifically rising action, climax, and falling action."** _

Context

Make sure to give AI **relevant background details**.

Adding Context

> **"Write a short story set in a futuristic city about an unlikely friendship between two very different characters."** _

Format

Make sure to tell AI **how the response should be structured**.

Example Prompt with Task

> **"Write a short story that is told primarily through dialogue between two friends."** _

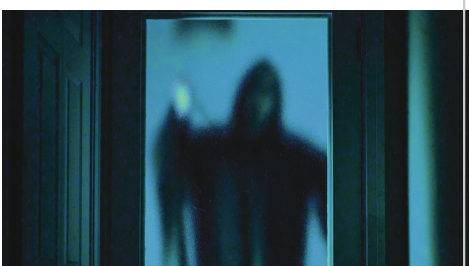

Reference

Make sure to give AI **additional examples or resources**.

Example Prompt with Task

> **"Write a short story about two friends, inspired by Kermit and Miss Piggy."** _

Tone

Make sure to give AI **a style in which to write the output**.

Example Prompt with Task

> **"Write a short story, in the style of horror novelist Stephen King, about two friends."** _

How Do I Remember All 5?

Just remember TaCoFoRT!

Task, **Co**ntext, **Fo**rmat, **R**eference, **T**one
